Many people believe that God exists. However, they don't have the same belief in seeing Him do something miraculous in their lives. But what if people nowadays believed in the same way as the stories we read about in the Bible? A woman in the Bible faced an impossible situation, but her willpower and determination were much stronger than the problem.

### MODERN DAY MIRACLES

When we read about the amazing miracles performed in the Old and New Testaments, such as the red sea opening, the blind seeing, and the dead coming back to life, we cannot help but be in awe of the great and unlimited power of God. For His power goes beyond all human understanding and against the laws of nature. However, despite knowing all God has done, many believers still struggle to believe that miracles exist today.

There has been a saying among some Christians that "God no longer performs miracles." They are a thing of the past that no longer takes place in our modern world. Therefore, making miracles is nothing more than a myth. There are even doctrines some preach that those miracles have "ceased," as they are "unnecessary" in today's world. But how can God's divine power become "unnecessary" in a world where we, as humans, will always face adversity? Many of which are out of our control and leave us helpless to solve on our own. God's divine intervention will always be needed. Hence, Jesus said, "Ask, and it shall be given to you" (.....)

Unfortunately, this false idea has caused many to lose hope, to "accept their fate." God said He is the same yesterday, today, and forever (Hebrews 13:8). Therefore, the same wonders He did in the past, He is able and willing to do today.

Although times and circumstances have changed, miracles are still happening, both great and small. You, too, can receive a miracle if you believe. All that is required is having the same faith as those in the past who believed and trusted in God's power without doubting or questioning. Doubt and unbelief have been among the greatest reasons why many today fail to see the power of God at work in their lives. Continue reading and see the miracles God has been performing in the lives of many worldwide.

"With faith all things are possible" (Mark 9:23)

## | BEATING DEPRESSION |

Depression is felt in the deepest part of the soul. Unlike illnesses that attack a person's physical body, depression destroys a person emotionally and mentally—leaving them in a constant state of sadness and hopelessness. S/he has no hope for change.

The effect of depression can be so crippling that it causes the lives of those affected to come to a complete halt. It drains them, leaving them with little to no energy, ambitions, and, ultimately, no reason to live. They lose the desire to do anything. Things that used to be normal such as caring for one's hygiene, eating, cleaning, and socializing, have become challenging.

What if I told you there is a cure? You can only find this cure through faith in God! The relief that He offers is not temporary relief but a permanent one! Just like thousands have beat depression through faith, so can you. On Sundays at every Universal Church, you will learn how to defeat depression once and for all. Without a doubt, you will not leave the same. What do you have to lose?

### OPEN YOUR WINDOW

**W**hoever expects to see or feel something to conquer by faith will die waiting. Religious people are like this: like Thomas, they need to see or feel something to believe. Faith is a conviction. It is a conviction that God will do what He promised to do. It has nothing to do with feelings.

Abraham is one of the most significant examples of faith. He did not perform any miracles. But his strong dependence on God made him a father in the faith to those who performed great miracles. His faith was not based on extraordinary deeds but the perseverance of daily dependence on the Highest. The stars were the only sign that Abraham received from God, letting him know he would be the father of many nations.

From a human point of view, everything contradicted the Divine Promise.

- 1 - Advanced age - one hundred years old;
- 2 - Sarah, his wife, was no longer of childbearing age; she

was ninety years old;  
3 - She was barren from birth.  
Add to these: long journeys, the hardships of moving, and the dangers of the desert. Even so, he held firmly to God's promise and believed against all hope.

Perhaps you are enduring a problem that seems impossible to solve to the human eye. You can find a living example of God's faithfulness in Abraham. Open your window at night, and look at the stars, which are the same ones Abraham saw. And just like God spoke to him through them, He will do the same with you. They served as a sign to Abraham and continue to do to anyone that wants to believe. They remain firm in heaven, not only to be admired but, above all, to testify that the Word of the God of Abraham is fulfilled nowadays, just as it was fulfilled in the past. May the Lord God of Abraham open your spiritual eyes to see His signs!

## "CULTIVATING THE DREAM FAMILY"

**H**ow could you do this to us?', 'You never loved me!', 'If I see you in the street, I will run you over!' These were some of the shocking remarks that graced our Christmas Eve celebration some 18 years ago.

My family had suffered an unexpected blow during a family vacation meant to unite us but did the exact opposite. My mother and grandmother, who loved each other, and pulled together after my father had committed suicide, were in turmoil.

This event caused a significant separation in the family, which also led my mom to attempt to commit suicide three times. It seemed impossible that we would ever find peace. We didn't know how to resolve our

problems, where to turn, or what to do.

Coming to the Universal Church was a life-changing turning point for our family. We decided we would take back the peace and unity we had lost. Step by step, what had seemed like an impossibility, was being nurtured.

We had to learn how to forgive, develop our love and respect for each other, and decide that we all would do our part for this dream of family unity.

"We often ended up in huge family arguments and fights with everyone making accusations and taking no responsibility."

It was not easy; we often questioned if it would work. We doubted it could, but at the same time, we had nothing more to lose! We kept attending the services and making

our purposes of faith for our family.

Miraculously, we were able to push through the pain of the past. Gradually, our family transformed from a family full of thorns and daggers towards each other to what you can see in our family photo. This change was indeed God's hand, and none of us know how He did it.

Many families wait until Christmas to get together, and sometimes all it brings is unwanted drama! But our family now comes together all year round! We are always together. We enjoy each other's company because God, the Author, and Father of the family, has shown us how it is supposed to work, and it does!

We are so grateful for the guidance and patience of the advisers we found in the Universal Church. They helped us to cultivate a dream family during the madness when

**"There was a chance I could've died from this disease."**

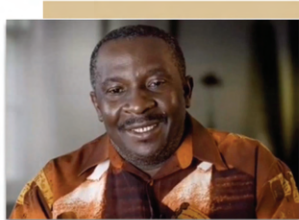

In December 2014, I started noticing profusely bleeding when doctors saw that my white blood cells and hemoglobin were low. I kept getting sicker, couldn't come to church anymore, was having shortness of breath, and my heart was beating too fast. Hence, the doctors diagnosed me with Myelodysplastic syndromes, like a pre-leukemia diagnosis. It caused me low vision, bleeding profusely, low energy, a lot of headaches, and fatigue. There was a chance that I could've died. Doctors gave me a year to live.

I was in the hospital for four months, I lost my hair, my skin became very dark, and I lost a lot of weight. My sister brought me the Divine Water; she put it on my lips because I couldn't drink on my own at the time. Today I can walk, and I can take care of personal hygiene.

**"It is a miracle because not too many people survive what I went through. The Divine Water works indeed".** Bertha, NY

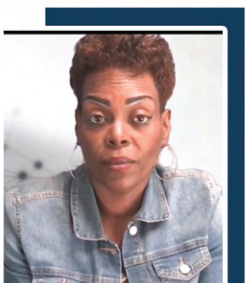

## The cancer is gone.

I had a procedure, and when the first time the doctors did it, they couldn't find anything, but within three weeks or so, I was diagnosed with slow-growing colon cancer.

I learned to exercise my faith using the Divine Water in this ministry. I drank the Water and asked God to cleanse and wash me from all the diseases in my body. When I went to my next appointment after I came out of the operation room, the doctors said that there was nothing, they did not see any cancer, it was gone!

Dexter, LA

## One year of pain with arthritis

I used to ache with arthritis in my legs and hips for about a year and a half. I could hardly walk sometimes; it wouldn't allow me to walk. When I came to this ministry, I began to drink the Divine Water and see tremendous results in my life and my family. I do not have to worry about waking up in the middle of the night with pain. I am here today to say I'm healed; I can walk without pain. I am thankful to God and this ministry for being here for me!! Linorah, MI

## FIGHT THE PROBLEM, NOT THE PERSON

When someone's fight is pointless, it's referred to as, 'beating the wind.' Who can beat the wind? No one. We cannot see the wind or touch it, which is why it is a futile fight; it will bring no results and change nothing. That is how many have been reacting in the battle for a change in their family.

The Word of God teaches us a very wise lesson:

**"And if a house is divided against itself, that house cannot stand."**

Mark 3:25

Perhaps this word speaks to you because you can see the signs. You have been trying to hold your divided house together, but it has been falling apart.

- No one speaks to each other

- Your children have rebelled against you

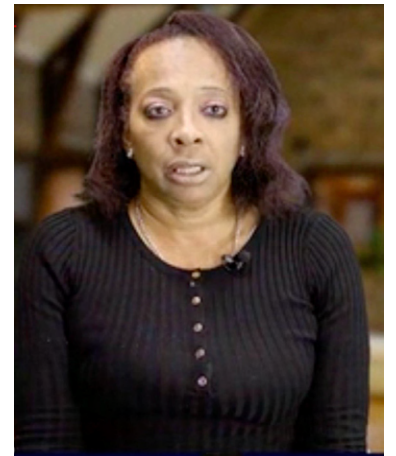

- Your marriage has been struck by infidelity

- Your happy home has become a nightmare

Your home may be divided, but the solution will not come from being angry at those in your home; your anger should be directed towards the actual problem. Fight against the problem with faith. It only takes one person to fight in prayer for change to occur in your family; if you are tired of family problems, then I am sure God has chosen you to be that one. Stop beating the air and use your faith to take down the real problem. God is with you. May the God of the Bible bless you!

## MY LIFE WAS A DISASTER

I grew up in a family that was a complete disaster. My mother was an alcoholic, and my father a heroin addict and drug dealer; he had people selling drugs for

him and ended up being arrested for 14 years. When my father left the house, things got worse. Growing up in this environment, I started going out with men, some of whom were pimps. I went clubbing and doing everything; I didn't care about anything. I would sell my body for drugs and make over \$1000 to \$2000 a night. I started prostituting myself and lived this lifestyle for 21 years.

At first, I would do it at home, and then I started going to hotels and traveling to different places, and I thought it was great. I was addicted to cocaine; it was like a generation curse. I thought I would find love, something I didn't have at home. I had children at a young age, and one of my daughter's fathers was also doing drugs. When he left me, my life was getting worse every day. I ended up going to rehab and did one program after another, but nothing changed. I started going to churches but continued with the same life.

One day, coming from one church, someone gave me a flyer from the Universal Church. I decided to go, and I felt different as I continued to go. I started doing my chain of prayer every Monday, Wednesday, Friday, and Sunday. The more I came to church, the stronger I got, and I decided to let go of some of my friends. Today, I am entirely free from the life of prostitution and drugs, I am a different person, and I thank God for what He has done in my life through this Ministry. If you have the same problem, give God a chance, come to the church, and start your Chain of Prayer.

# SHE WAS DEPRESSED, SICK, EMPTY AND SAW SPIRITS

**"I saw no reason to live."**

Angelica had several health and spiritual problems that she couldn't stand anymore. The only solution she saw was to take her own life until by an invitation she came to know the Universal Church that introduced her to the Holy Spirit. Discover her story.

I was a young woman full of complexes, profoundly empty and sad. I had poor health, so I couldn't experience happiness in anything I did. Days came and went, and my life was always the same. I suffered a lot from epileptic attacks; I felt like I didn't even have control of myself; it was horrible to go through those moments. With all this going on, I became lonely and depressed. I saw spirits and talked to them; I saw no reason to live. I got married at a

very young age and continued facing problems; then, I discovered I was barren, as I got medically diagnosed as sterile. Until one day, I got invited to the Universal Church. I, who had nothing more to lose, decided to accept the invitation.

I discovered someone who could transform my life at that altar, starting within me. I went every Wednesday, Friday, and Sunday, and God worked on me at each meeting. He lifted the heavy burden I carried and gave me a light one. I gave my life to God and received His Spirit. I have true joy. Today I am happily married, we have

been married for 30 years, and my husband is a gift from God in my life. I am a mother of two children who serve the Lord Jesus; God made my dream of being a mother come true. I am happy and fulfilled. I am always smiling because true joy is inside of me.

character. People who suffer from depression experience persistent sadness and a loss of interest in activities that used to bring them joy. Depression is the second leading cause of suicide among people between the ages of 15 and 29 and causes about 800,000 deaths yearly. Maybe you have depression or live with someone who does, and you don't even know it. It is also a spiritual problem; it is necessary to count on the help of those who understand the subject to be completely free. Therefore, the Universal Church works to defeat depression. Every Friday at your local Universal Church, a strong prayer of faith is made to remove the spiritual root of depression. Join us. No one will judge you there.

## DEFEAT DEPRESSION

According to the World Health Organization (WHO), more than 300 million people worldwide suffer from depression.

Despite this alarming fact, unfortunately, many still see those with this mental disorder as a mere fact of having a bad attitude, laziness, or even lack of

## Unisocial opens its arms to the Elderly

Universal cares for those who have cared for so many in their lifetimes. The Nursing Home visits done by the Unisocial group provide a moment of entertainment and joy. There is no greater reward for the volunteers than seeing a smile on an elder's face during their visit. This time, the group brought games and activities along with doing the nails and providing hand massages. A little cheer goes a long way.

This work is done every week in churches all across the country. This, among other work, is done because Universal cares for the community. You can join in the movement. Visit your local Universal church and see how.

## MODERN DAY Miracles

Many people believe that God exists. However, they don't have the same belief in seeing Him do something miraculous in their lives. But what if people nowadays believed in the same way as the stories we read about in the Bible? A woman in the Bible faced an impossible situation, but her willpower and determination were much stronger than the problem. "Now a woman, having a flow of blood for twelve years, who had spent all her livelihood on physicians and could not be healed by any, came from behind and touched the border of His garment. And immediately her flow of blood stopped." Luke 8:43-44

Would the miracles that happened back then still take place in our time? Paloma and Priscila believed it could. Read on and see how they used their faith and achieved miracles in their lives.

Every Friday at your local Universal Church, we have strong prayers for deliverance from all evil. Your miracle is waiting for you! You just have to act on your faith and grab hold of it.

### "THE TUMOR WAS ONE OF THE MOST AGGRESSIVE TYPE..."

Believing in God when everything is going well is easy, but believing in God when everything is going wrong is very difficult." It was the phrase that echoed from the Altar on a Tuesday afternoon. It marked the beginning of the most significant challenge in the life of Paloma Santos. Hours earlier, she had gone through a routine consultation and left with referrals for clinical exams and a consultation with a specialist.

Some time ago, Paloma felt discomfort in the region of her breasts; pain and secretion also started to come out of her right breast. "I thought it was nothing. I researched it, and the contents showed that it could just be because of hormones," she recalls. After the routine consultation - in which she would not even treat the discomfort - she was referred to a specialist. She had to have ultrasounds, mammograms, and a biopsy.

She thought the doctor's requests were strange, but she didn't suspect anything. But they diagnosed her with triple-negative HER2 cancer in her right breast in grade 3, approximately 7 cm. "It never crossed my mind that it could be something serious," she says.

Paloma's tumor type is considered one of the most aggressive. It has a high incidence of metastasis (when cancer spreads to other regions).

Paloma knew that no medical treatment could guarantee her cure and said: "Doctor, I'm going to do everything you're asking me to do, but I already know one thing, which is how this story will end. It is God who will heal me!"

For nine months, in parallel with clinical treatment, Paloma used her faith through her vows, purposes, fasts, and prayers. Before the first chemotherapy session, she took the blessed water, which was consecrated in church. She took three sips before going to the clinic. "I told God I was going, but that water would be my real medicine daily."

She also insisted that cancer had chosen the wrong body and kept her faith in the cure.

While undergoing treatment, she talked about God to other patients and the medical team: "I was able to talk to people and tell them about my faith."

Even dealing with side effects such as weakness and hair loss, she attended church meetings, youth group, and disciples meetings.

Before the surgery to remove her breast, new tests were necessary, and the result was a surprise: no tumor was detected. The miracle had already happened, "but for medicine, clinically, something so

serious could not be ruled out simply by an examination. So the surgery was scheduled."

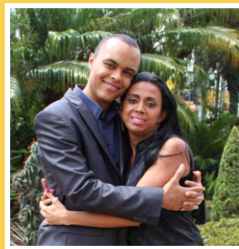

Paloma kept her word to obey medical advice, trust in God, and have total healing. Post-surgery reports confirmed that there was no more cancer and that there was no metastasis. The report itself says that Paloma "showed an impressive clinical response." In addition, she did not have any sequelae from chemotherapy and radiotherapy sessions.

The specialist who accompanied her during the process told her: "Paloma, when I saw you for the first time, I wanted to cry because I didn't know what I was going to do with you

**She reminded the Doctor that God was the Author of the miracle. Together they celebrated the fulfillment of His promise that "This sickness is not unto death, but for the glory of God." (John 11:4).**

### "MY BODY WAS PARALYZED..."

It was a cold morning when Priscila woke up without body movements. She had gone to sleep normally and hadn't felt any symptoms that something might be happening to her muscles. "I have always been a healthy person, without any problems. My health was perfect. But when I woke up, I could no longer move my legs and arms," she says.

was no way around it and that my family could say goodbye to me, as it was a rare disease. If I survived, I would be in a wheelchair or in a vegetable state," she reports.

"During the treatment, I started to feel my finger and used it to communicate. Putting the letters together, I managed to write that for God nothing was impossible and that I would leave there to glorify His name", she declares. While Priscila was still in the ICU, her husband and some friends who attended the Universal Church made chains of prayer for her healing. "My husband didn't look at the situation, but at what God was going to do. When I arrived at the hospital not knowing what would become of me, I thought I would die, but when I woke up from the coma, I was sure that I would come out healed", she says.

After she realized that she didn't move her limbs, within minutes, her vision started to blur and her mouth crooked. For her not to get worse, she was rushed to the hospital and underwent several tests. As time passed, she also lost her tongue movements and was no longer able to communicate.

At the hospital, Priscila received the diagnosis: Guillain-Barré syndrome, a serious autoimmune disease that affects the nervous system and paralyzes the body. The disease progressed rapidly and she had to be taken to the ICU. "In two days, I already had all the symptoms that characterized the disease", she says.

Priscila's deterioration was evident. She could no longer eat and was fed only through a gastric tube. She was between life and death. "When I woke up, my family was already there. The doctor said there

"My husband went to the hospital every day to bring words of faith. With that, I also began to use my faith, saying my prayers. In a few days, I had all the movements of my body restored." After a month in the hospital, Priscila was discharged and walked out of the hospital, as if she had never had the disease. "Today I'm just grateful because I didn't have any sequel. If I hadn't used my faith with my husband's, I wouldn't be here today to tell you what God has done," she testifies.

Yet again, a great gathering of faith and miracles was held on Sunday at the AMC Theater. Hundreds of people gathered and received prayers for their families and the blessing of bread and water.

There were also testimonies of miracles of those who manifested their faith and believed in the fulfillment of God's promises in their lives.

However, the most important part of the service was the message of salvation and the seeking of the Holy Spirit. It was also the first day of the Fast of Daniel - a spiritual detox for those who want to be closer to God and receive the Holy Spirit. The Crusade of Faith and Miracles happens every Sunday at 10 AM at AMC Magic Johnson Theater in Harlem, NY. Invite your family and friends. It's admission free. **2309 Frederick Douglas Blvd., Harlem, NY (Between 124th and 125th Streets)**

**T**he story of David and Goliath can easily resonate with each of us. What are the chances of winning? Very slim! A young boy versus a giant.

Goliath challenged the whole of Israel's army, boasting that they would be at his service, which caused great fear and intimidation. However, David turned the story around! David's confidence in winning against Goliath came from God

alone; his physical status gave him no chance of winning against a giant.

We love this story, but today we want to see it played out in your life!

What are the 'Goliaths you long to take down? What are the giants (problems) standing in your way? Health challenges, family disagreements, financial blockage, negative habits, etc.?

It was the use of David's supernatural faith that gave him victory over Goliath!

The Word of God says: "I have found My servant David; with My holy oil I have anointed

him, with whom My hand shall be established; also My arm shall strengthen him. The enemy shall not outwit him, nor the son of wickedness afflict him." (Psalm 89:20-22)

In the same way God anointed David and gave him wisdom and strength to face Goliath and overcome him, God can also do the same for you.

It's time to oppose the giants in your life but don't do it alone!

Join us this Sunday at your local Universal Church, where you will receive guidance on taking down your Goliath.

## It'll take a **MIRACLE** To get me out of here...

Have you been feeling anxious? You watch the time; the clock seems to tick slower than usual; you wonder if you will make it out. You wonder if you'll have another opportunity; **maybe you think it'll take a miracle to get out!**

Sure. I agree, but the thing is, do you believe in miracles? The miracle you want to happen starts with your faith. Your faith is the key to bringing the miracle into your life; without it, you will only be daydreaming. They still exist today, and you can see the power of God in your life if you allow Him to work on it. Look what the word of God says,

**"JESUS SAID TO HIM, "IF YOU CAN BELIEVE, ALL THINGS ARE POSSIBLE TO HIM WHO BELIEVES." MARK 9:23**  
Belief? What is that? It's faith; Jesus always

made it clear that it was faith that would bring forth the miracle they wanted to see taking place in their life.

Maybe you say no, it's not like that; it's up to the judge, jury, the severity of my crime, etc. Humanly speaking, if we look to the physical aspect, yes, but the God that set Peter free from prison, and the God that set Paul and Silas free with a mighty earthquake, can do the same for you. Of course, He can! The miracle you want lies in your hands.

Stop looking at your past and what you did, and start seeing what GOD can do.

If you have repented, decided to change, and have been living a new life, why can you not ask God to perform the miracle you want for your release, or for your loved one, or maybe you want to receive His Spirit?

Remember: if you can believe and allow yourself to believe, then all things are possible for him who believes.

Your miracle is at hand, grab hold of it, and trust that God is working! Do not limit yourself.

## ADDICTION TOOK CONTROL OF MY LIFE

**"NOXOLO LOST HER FREEDOM BECAUSE OF HER ADDICTION TO ALCOHOL..."**

**M**y addiction to cigarettes, marijuana, and alcohol landed me in bad company. When I was in 9th grade, I would go with my friends to nightclubs and return home the following day; sometimes, I would spend a week away from the house.

***I WOULD DRINK LIKE CRAZY; I COULD NOT GO ONE DAY WITHOUT DRINKING.***

I would spend my entire salary on alcohol and clothing when my paychecks came; I liked to have the latest and the most expensive clothes to hide the emptiness inside. I loved the attention I received and was good at pretending to be happy too. My

lifestyle got out of hand, and I ended up getting pregnant, and when my daughter was born, I did not take care of her; I neglected her. She did not receive the care she needed from me as her mother.

**Things got tough; I got into a car accident and was arrested because I was driving under the influence. I carried a lot of shame and anger within; I blamed myself constantly for my errors.**

Upon my release, I wanted to change; I really did. I tried to look for a job, but I couldn't find work because of my criminal record; I was also still drinking to cope with the stress.

I realized I needed some serious help. and this is when I got invited to the Universal Church. I would frequently attend, multiple times a week, learning how to pray, use my faith, and fight for my deliverance to be free from the addictions I had suffered from for so long.

I was set free after much perseverance and coming faithfully to the church. I no longer have an addiction to alcohol, cigarettes, or marijuana, the void that

controlled my life for so long is no longer because I received the Spirit of God.

“

**I'm not fake anymore, pretending to be happy, I genuinely can smile with sincerity, my financial life is now a blessing I have my own business, I am able to provide for my daughter, and above all I have peace!**

**IS ANYBODY OUT THERE? I NEED SOMEONE TO LISTEN TO ME, AND NOT JUDGE ME.**

...STOP WHAT YOU ARE DOING, AND WRITE YOUR LETTER TO BP. JOSHUA, HE WILL PERSONALLY READ AND REPLY TO YOUR LETTER. BE SURE TO INCLUDE YOUR CORRECT INFORMATION (NAME/ INMATE #, PRISON NAME, STREET ADDRESS, CITY/STATE/ZIPCODE) SO BISHOP CAN WRITE BACK TO YOU! SEND IT TO: 7075 SOUTHWEST FWY. HOUSTON, TX 77074.

# HE LIVED IN COMPLETE MISERY

I immigrated to the United States when I was 12 years old because I was following the American dream. However, I felt lonely and sad because I was away from my parents. Nothing I did worked to achieve all my goals, so I began to get involved with drugs, partying, and doing illegal things to get by. I lived that way for a long time; then, I met my wife, and because of the life I was leading, we had many arguments and financial problems. The anger I had against the misery we lived in led me to hurt my wife. Things were so

severe that I shot at her at one point. Poverty was reigning in my life. I didn't have anything to eat and would even look for money on the streets. There was a time I had to live in a van that wasn't mine while my wife lived with my parents.

All my suffering ended when I got an invitation to the Universal Church. That's when my life began

“ There was a point where I came to live in a van that wasn't even mine, while my wife lived with my parents. I didn't have anything to eat and I would even look for money on the streets.

to change in all aspects. Today, I am a free man from the world of drugs, and my marriage has been restored. By persevering in the services and using my faith, God opened the doors for me to obtain my own business, properties, cars, and the house of my dreams.
